CAREER OBJECTIVE:

To work in a competitive environment where I could improve my knowledge, capabilities and put them to use for the development of the organization and myself.

PROFESSIONAL SUMMARY:

- Dynamic MERN Stack Developer with 3+ years of professional experience in PEGA development and a proven ability to adapt to new technologies.
- Proficient in building modern, responsive web applications using the MERN Stack.
- Skilled in problem-solving, full-stack development and delivering scalable solutions.
- Actively creating and deploying real-world applications to showcase expertise in front-end development.
- Proficient PEGA Developer with 2.5 years of experience in designing, developing and implementing scalable BPM solutions, focusing on case management and process automation.
- Skilled in creating end-to-end applications using PEGA PRPC, integrating third-party systems and ensuring delivery within agile environments

TECHNICAL SKILLS

- Frontend: React.js, HTML5, CSS3
- Programming Languages: JavaScript (ES6)
- Backend: Node.js, Express.js
- Database: MongoDB
- Version Control: Git, GitHub
- Development Tool: Visual Studio Code
- Deployment Tool: Netlify
- Methodology: Agile
- Agile Tools: JIRA, Rally
- PEGA PRPC

WORK EXPERIENCE:

Cognizant Technology Solutions – PEGA Developer (July 2021 – Present)

1. Oriental Application Development (Jan 2022 – Jan 2024)

- Client: Oriental Finance Group
- Description: Developed a PEGA based claims Management system to automate insurance claim processes

2. American Express Application (Feb 2024 – Present)

- Client: American Express
- Description: Developed and implemented PEGA based solutions to streamline account opening and card issuance processes for a leading banking client

INTERNSHIP:

Blend Vidya Education Institute (July 2024 – September 2024)

- Completed an internship in MERN stack development, focusing on building full-stack web applications using **MongoDB, Express.js, React.js** and **Node.js**
- Developed and deployed responsive, user-friendly interfaces, implemented RESTful APIs and ensured database integration and performance optimization

EDUCATION:

- **B.E** (Computer Science Engineering) from VSB Engineering College (2017-2021) with **8.5 CGPA** - **Anna University**

CERTIFICATIONS:

- **MERN stack Web Development** – Blend Vidya Education Institute
- **PEGA Certified Senior System Architect 8.8** – Self-paced

ACHIEVEMENTS:

- Transitioned successfully from PEGA to MERN stack by completing hands-on projects.
- Consistently delivered high-quality, maintainable code within team projects
